# JACKSON SQUARE IS HAMILTON

## EVERYTHING IS CONNECTED TO US

"It's located next to Jackson Square . . .", is the quote from the real estate agents. Everyone wants to be connected to the Square because Lloyd D. Jackson Square is . . . the heart of the city.

Located at Hamilton's key downtown intersection, Jackson Square is immediately accessible to all public transportation routes, major inter-city expressways, the Hamilton Convention Centre, the Public Art Gallery and Hamilton Place Theatre Auditorium. Hamilton's main branch Library the famous 150 year old indoor Farmers' Market, 18,000 seat Copps Coliseum and Trade Centre and the 5 star Sheraton Hotel are all a simple climate controlled, indoor step away.

## YOUR SPACE

Jackson Square offers you space to work; with over a million square feet of flexible office space featuring floor plates from fifteen to forty thousand square feet in any of four distinctly designed office buildings, with underground parking for over one thousand cars. Space to relax; at the base of a cascading indoor waterfall

surrounded by a fourteen floor hanging garden atrium. Space to socialize; to the pleasant sounds of summer lunch time concerts on our five acre landscaped plaza. Space to shop; with over 250 retail stores, restaurants and banks but, most importantly, Jackson Square will give you space to be you.

## WORKING TOGETHER

The business environments of the next century will require the highest levels of information integration. Office environments will be ergonomically designed for ease of internal movement and the personal comfort of employees.

Working as a team has never been more important. From our own team of building services support staff, to the office environs of the next century and the integrated business support of lawyers, accountants, financial institutions, brokerage houses, insurance firms, government services and corporate head offices; Jackson Square offers you the chance to make the connection. You can do business at Jackson Square.

For information on leasing opportunities in the "core connection", Lloyd D. Jackson Square, contact Jim Thompson at Stelco Tower, 100 King Street West, Suite 330, Hamilton, Ontario L8P 1A2.

## WE'RE MAKING TRASH DAY A WHOLE NEW BALL GAME

Trash day just isn't the same anymore. That's because BFI's RecycleNOW™ recycling programs are helping people turn things they once considered trash into valuable resources. Things like aluminum and metal cans, newspaper, glass and plastic. So instead of these materials going to a landfill, they're being recycled into new products. ♦ We're even helping people recycle at work, too. Tons of office paper, computer paper, corrugated cardboard and scrap materials from manufacturing processes are being reused, saving natural resources, energy and of course, valuable landfill space. ♦ Recycling programs from BFI are scoring big points in helping cities all across Canada meet their waste-reduction goals. And that's a whole new ball game that everybody wins.

COMMITTED TO THE ENVIRONMENT

Being an industry leader means more than the size of a company's assets or the number of locations. It's going above and beyond ordinary measures to protect the best interests of the customer; against even the toughest odds. In Premier Waste Systems Ltd. case, it means overcoming the challenges resulting from the continual redefinition of the customer's environmental needs.

At a time when other waste companies have turned away from their customer's needs, we've strengthened our commitment to the environmental, by delivering sound solutions to your business needs.

## THE INDEPENDENT FINANCIAL PLANNING PROFESSIONALS

**F**inancial Concept Group is a financial planning firm offering a complete range of independent financial services and products to both individuals and companies.

Comprehensive personal financial planning is the main service offered by Financial Concept Group. With local offices in Hamilton and Burlington, Financial Concept Group provides advice tailored to the individual investor's needs.

"A close working relationship between the investor and an expert advisor is the key to success in today's complex financial environment", explains Don Bridgman, one of the original founders of the firm back in 1981. "At Financial Concept Group, we realize that there is only one reason people invest money, to provide them with the financial resources to achieve their goals in life. This is the underlying basis of financial planning — the recognition that each person has different goals and, therefore, needs a unique investment strategy."

Rick Kennedy, one of the two managing partners for the two local offices, explains, "Because we are not a fee-for-service firm, we are more accessible to the average person. We have access to virtually hundreds of investment products, allowing us to give our clients objective advice. We also specialize in tax planning, helping individuals to dramatically lower the amount of income tax they pay."

This objectivity is one characteristic that marks Financial Concept Group as unique among the

many different types of financial services firms today. As an independent financial services company Financial Concept Group is able to approach the entire investment market to help their clients obtain the highest rate of return from a guaranteed investment as well as profit from the most lucrative growth sectors in the Canadian and international equity markets.

Today, Financial Concept Group has over 250 professional advisors in over 40 offices, representing literally hundreds of different financial institutions and products (trust companies, mutual fund companies, insurance companies, etc.) Financial Concept Group also offers a wide range of real estate and other tax-

assisted investments and a comprehensive insurance planning and brokerage service. Besides personal financial planning, Financial Concept Group also provides a number of services to corporations. These include a speaker service, customized corporate retirement planning and financial planning workshops, group RRSPs and group insurance and benefit programs.

From its inception, Financial Concept Group has been committed to maintaining the highest standards of financial planning in the industry and to constantly seek out new and innovative financial products and services to improve our ability to assist our clients in realizing their financial goals.

## London Telecom™ Flat Rate long distance. Get on board for just \$94.95\* per month.

Join the hundreds of Canadian businesses that are adding London Telecom™ flat rate to their long distance options and not only adding profits to their bottom line, but dramatically improving their service to customers as well. With London Telecom™ flat rate long distance, employees and customers can call your office free of charge as part of your 40 hours per month of calling. They just dial into a local number and a long distance call becomes a local call. It's called Reverse Calling and it's all part of our one low flat rate of just \$94.95\* per month (residential rate: \$74.95\*). You can add London Telecom™ flat rate to any other long distance services you have now.

The London Telecom Network™ is constantly expanding. Right now you can call virtually everywhere in southern Ontario, Québec City, Montréal, (and in B.C.), Vancouver, Victoria and Kelowna. To get on board today call 1-800-363-FLAT.

**CALL 1 • 800 • 363 • FLAT**

\*Taxes extra. No residential activation fee. Activation fees may apply for businesses. Certain restrictions may apply. Unavailable in regions not served by Bell and BCTel. Calls made to or received from British Columbia are rated as 3 to 1.

**On Your First  
One Hundred and Fifty Years**

Anniversaries are a time of pride and reflection --  
on savouring what has passed while anticipating what is ahead.  
Your record of community service has given you reason to do both.

So, Congratulations Hamilton District Chamber of Commerce.  
As an eighty-five year old youngster, Union Gas looks forward to  
sharing your next one hundred and fifty years.

"SERVICE AND CUSTOMER SATISFACTION AT ITS BEST"

## Our Team Has A Great Track Record

Since 1912, National Steel Car has been designing and building quality railway freight cars that have always been right for the times. Along the way, we've developed innovations that have set the pace in moving freight efficiently and economically. Notable examples include unit trains for bulk products, the multi-purpose freight car, and all purpose and stand alone double stack well cars

National Steel Car has always been one of North America's most productive manufacturers of railway freight cars and parts. Our design teams use the most modern technology available, including CAD, finite elemental analysis, robotics, and computer-driven fabrication techniques. All to assure that an NSC freight car will always deliver the goods

A company-wide quality assurance program, instituted in 1987, is certified and registered with the Canadian Standards Association. But, we didn't stop there. We are continuing to develop our quality programs to the highest standards in the industry

Our production teams are dedicated professionals, who take pride in their efforts to build the best quality products on the market. With a wealth of design and building expertise at our fingertips, our team would like nothing better than to put its track record to work for you

# A Tradition of Excellence

THE GRIFFIN — a mythical fusion of lion and eagle — made its original appearance in the folklore of the Western World as a guardian of gold. Once the creature found something of value, the stories went, it instinctively guarded the treasure with its very life. Thus grew the legend — and as heraldry blossomed in the Middle Ages, the Griffin became a familiar symbol of printing — an emblem of wisdom, consistency and craftsmanship.

At W. L. Griffin Printing Limited, we're proud to display the Griffin Emblem, symbolic as it is both of our name and of our philosophy of doing business.

### THE H.E.C. GROUP SMALL BUSINESS SERVICES

Hiring the right person is a time consuming challenge. Hiring the wrong person costs you time, money, morale, and customers.

Many candidates can write an impressive resume, and know how to interview well. Unfortunately, these talents rarely indicate an individual's ability to perform on the job.

As "The Hiring Specialists", we have over 20 years of experience in identifying appropriate candidates for our clients.

We offer expertise in - interviewing - reference research - ad campaign support - job description preparation at a reasonable hourly rate.

We know how to identify those best equipped to make your company more successful and profitable. Count on us to find solutions to your hiring problems.

# A Revolutionary Headache Remedy

Training your own staff in computers can be a major headache and using a pick up team of multiple trainers just multiplies the headaches.

Working with an experienced single-source computer training supplier greatly reduces the potential for problems, while your business can be increasing the potential for success.

IF OUR ONE-STOP TRAINING SERVICE SOUNDS LIKE WHAT THE DOCTOR ORDERED, CALL US TODAY.

## 1,000 Reasons to Feel Good About Business!

**H**amilton Board of Education schools and local businesses are working together to prepare students for "real world" challenges

Thanks to more than 1,000 area employers, many of our students already benefit from Co-op placements.

However, we still need placements for our many able, talented, gifted and physically, mentally challenged young people. Placements could range from high tech, medicine or science to packaging,

food service or maintenance positions  
For more information, please contact  
Co-op Education at 527-5092, ext 2317

Thanks for  
your support!

# What Makes Dofasco Steel So Special.

Many things. Among them, it's being in on the ground floor with personal involvement when a customer has special needs. That means meeting daily challenges with enthusiasm and know-how.

Automotive customers discovered long ago that Dofasco people aren't simply "order takers." They get involved.

Add the most technically advanced, integrated steelmaking system in North America to the personal commitment of Dofasco people, and it becomes clear what makes Dofasco steel so special.

If something "special" sounds good to you, and you've got an opening on the ground floor, call us.
